

Families Are Full Team Members Checklist

This checklist outlines steps teams can take to ensure that families are included as full team members and valued as experts who are considered vital to effective team functioning.

All team members, including families, will be involved and engaged in various ways and to varying degrees over

time. Families will be supported to increase their level of involvement as comfort and trust build and as the team grows and learns together.

The checklist can be used by team members individually or together to determine whether true collaboration is taking place.
